Who is assessing?

City or Town Assessor

How is the assessed value determined?

The assessed market value should be determined through the income approach, the sales comparison approach and/or the cost approach. In reality, commercial real property is often assessed through mass appraisal, leaving many properties unfairly over-assessed.

Which properties are the best candidates for appeal?

Properties that demonstrate high vacancy rates, deferred maintenance, functional or economic obsolescence, or tenant/operational issues. Assets that are not uniformly assessed with their competitive set should also be reviewed.

What are the levels of appeal?

City or Town Board of Assessors
Appellate Tax Board
Massachusetts Appeal Court
